

FACULTY MEDIA CREATION HUB

Create. Share. Learn. Succeed.

Russell Betts Ph.D. & David C. Perdian Ph.D.
Department of Physical Sciences
North Campus
STEM Pathway

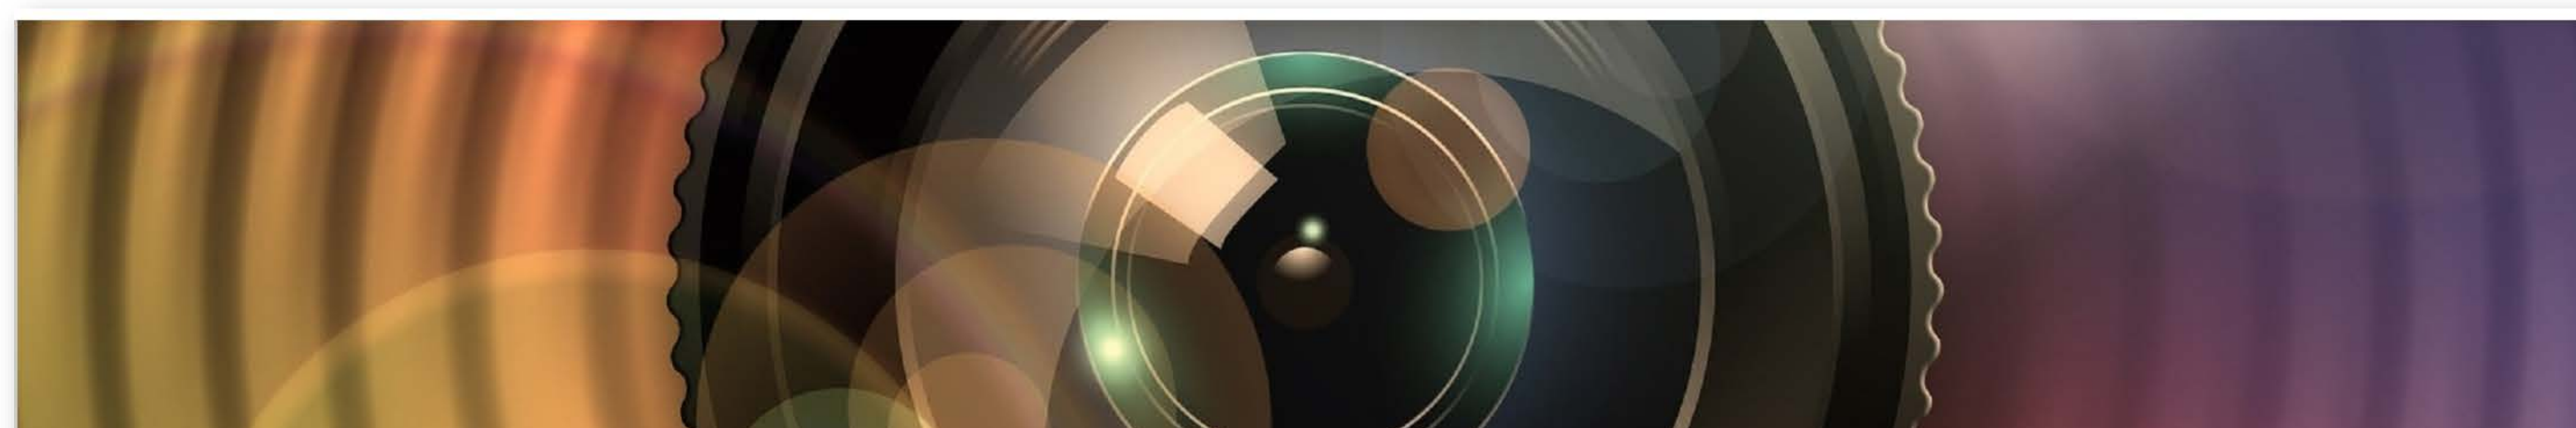

WHAT IS THE HUB?

The Faculty Media Creation Hub (**The Hub**), funded by the Aspen Institute's Faculty Innovation Grant, is housed in the North Campus Academic Success Center (ASC) and contains the necessary software, hardware, and most importantly training, that will enable faculty members from any pathway to create and share media with their students to enhance the learning process.

Additionally, tutorials instruct faculty on how to embed their digital media into their D2L course shells and how to share their media via social media platforms.

The Hub has an HD Camera with tripod, studio lights, green-screen, white-screen, wireless microphones, and all of the necessary accessories to record high quality videos. The Hub also has two Lenovo Miix 2-in-1 laptops with Camtasia and iPad Pro for screen recording, editing video, and recording audio.

WHAT TRAINING IS AVAILABLE?

Faculty Media Creation Hub Intro
25 views • 1 week ago

Welcome to The Faculty Media Creation Hub! The faculty media creation hub was developed by Dr. Russell Betts and Dr. David C. Perdian in association with Broward College and was funded by the Aspen Institute. The hub's mission is to provide Broward College faculty with the technology, resources and training to create digital media such as videos to facilitate student learning. We hope that you are able to utilize the hub's resources to create

READ MORE

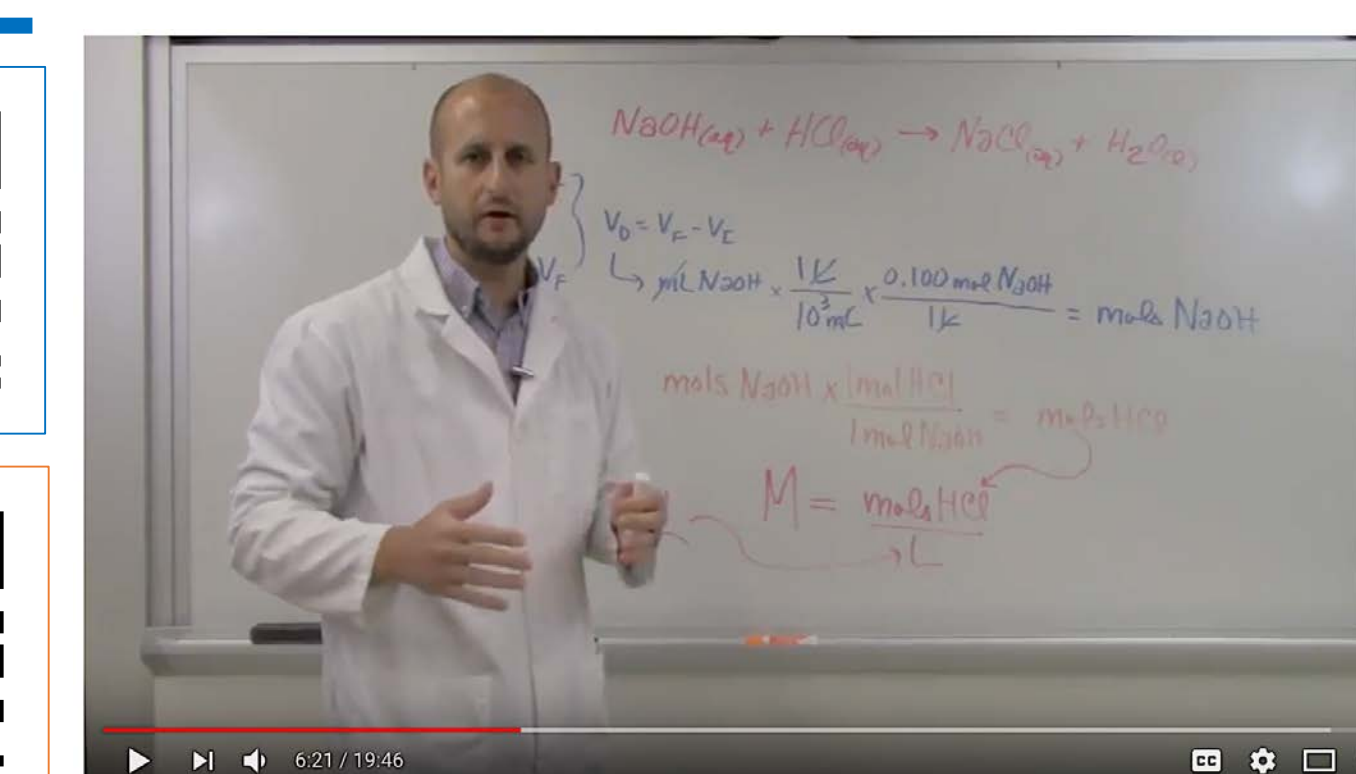

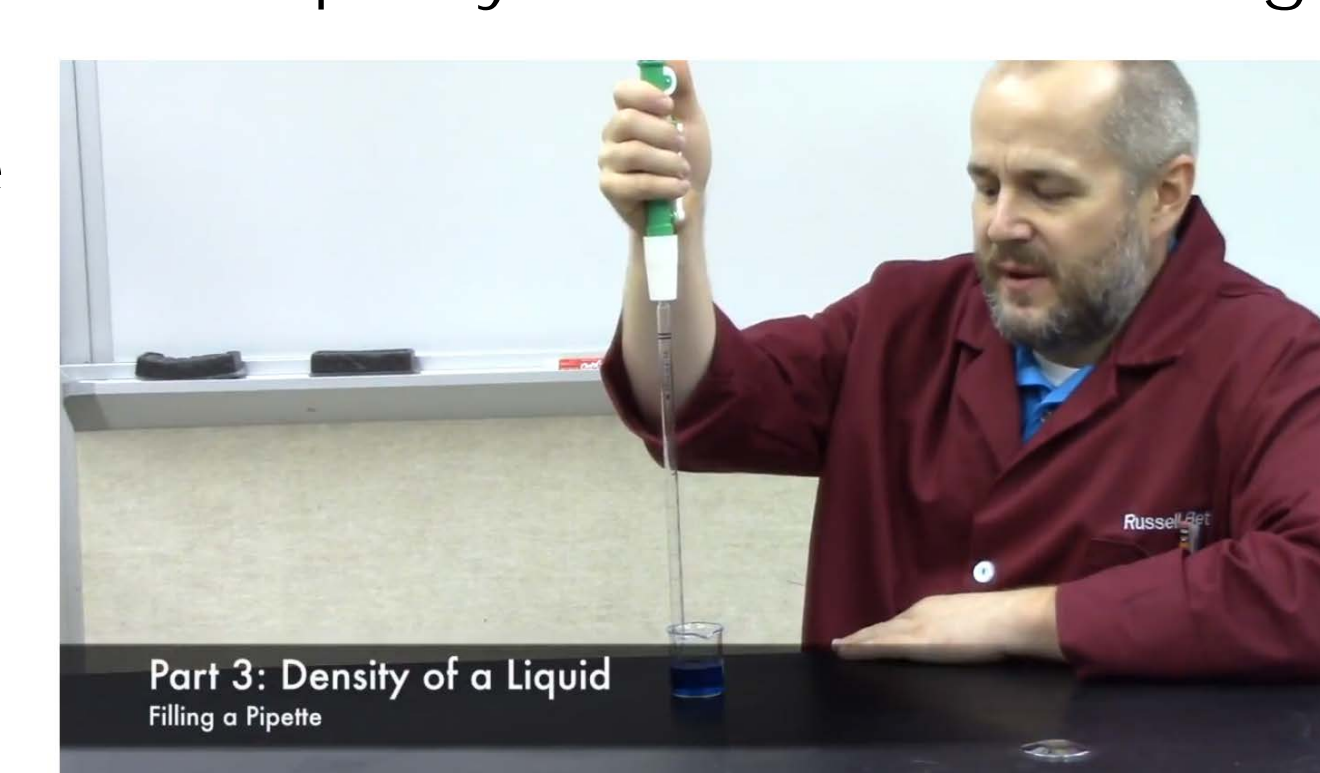

The Faculty Media Creation Hub has its own YouTube channel and posts videos on how to use the hub's equipment as well as edit media using Camtasia or iMovie. Scan the QR code above to view some videos. Be sure to subscribe to stay updated.

WHAT TYPE OF MEDIA CAN FACULTY CREATE?

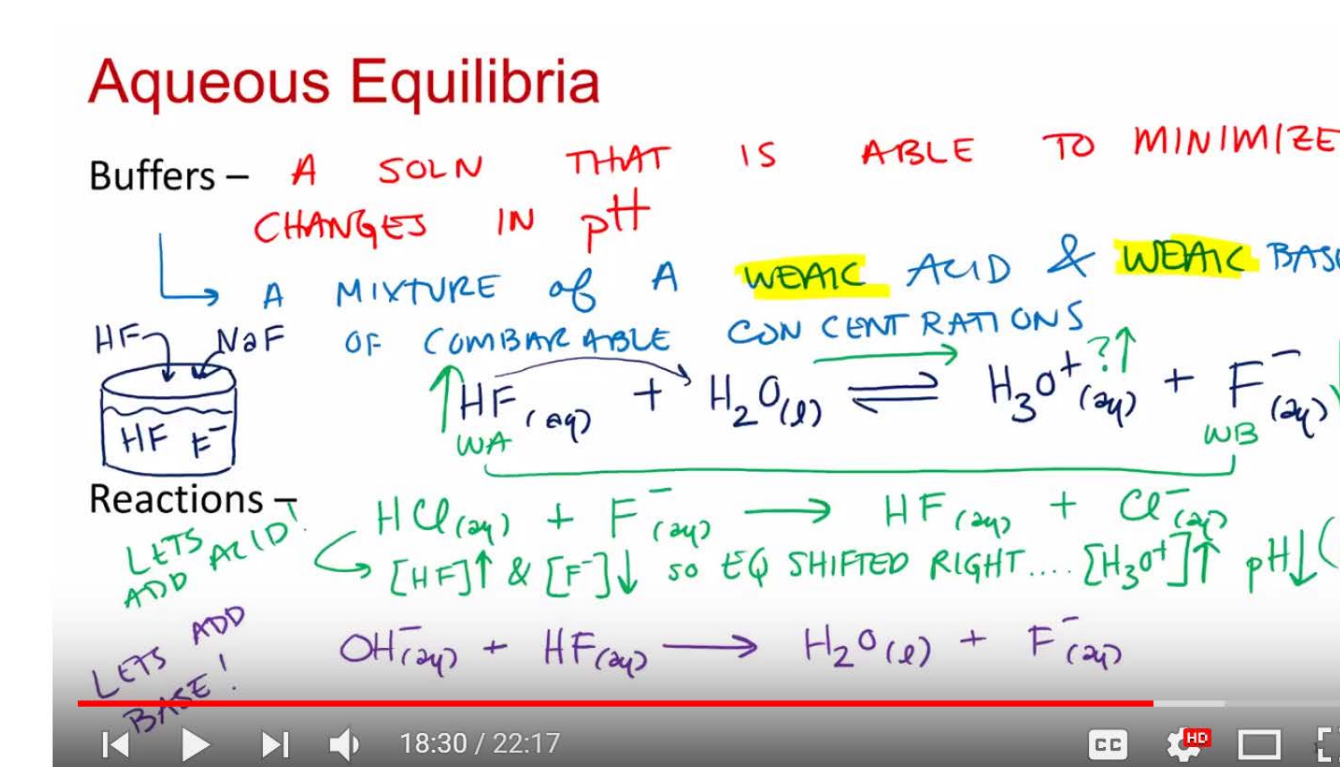

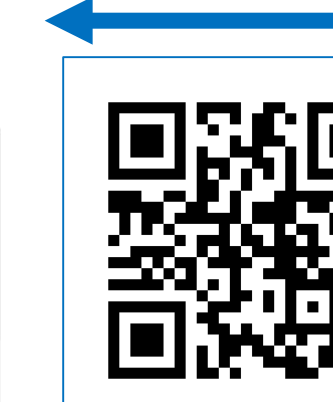

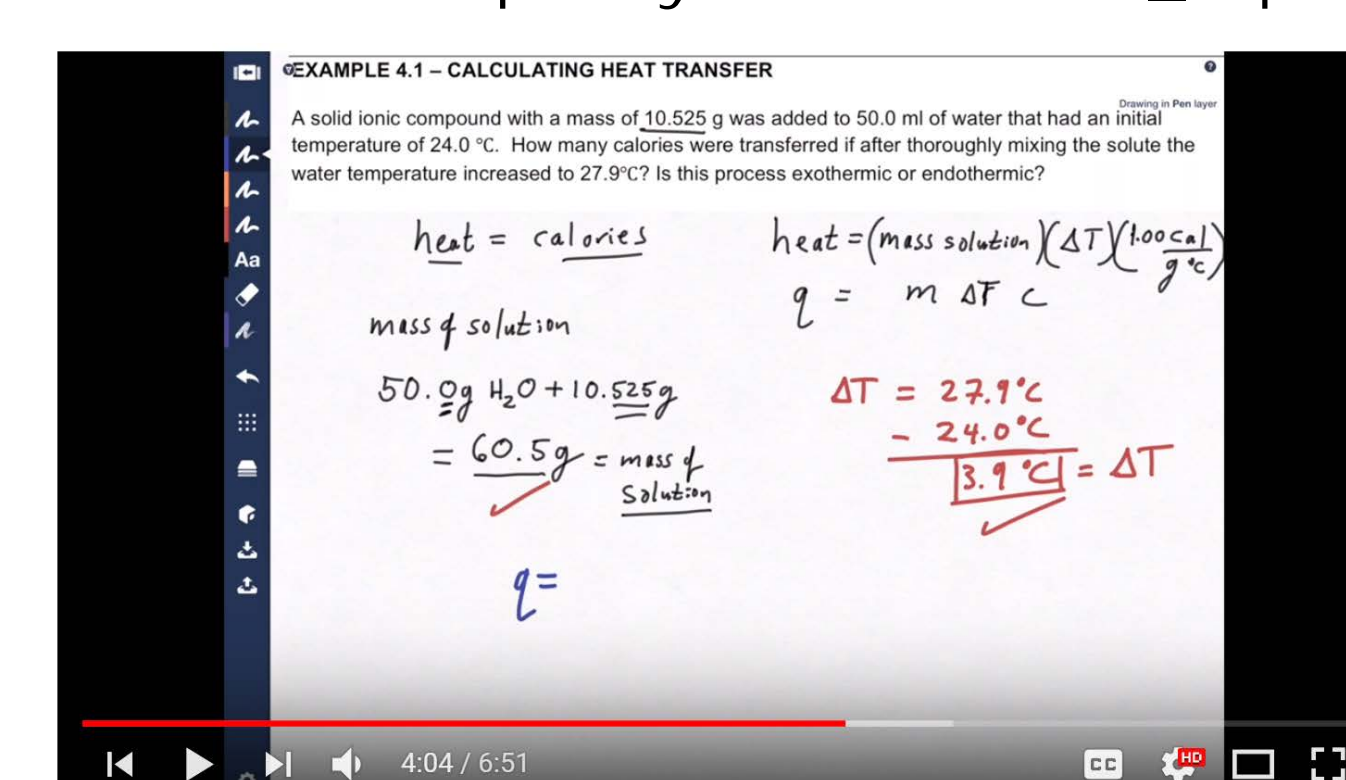

Faculty can create videos outside of the classroom to supplement in class learning or for blended, online, or flipped classrooms

<https://youtu.be/rFwnDKHKsxg>

<https://youtu.be/ihVLSVNrkdA>

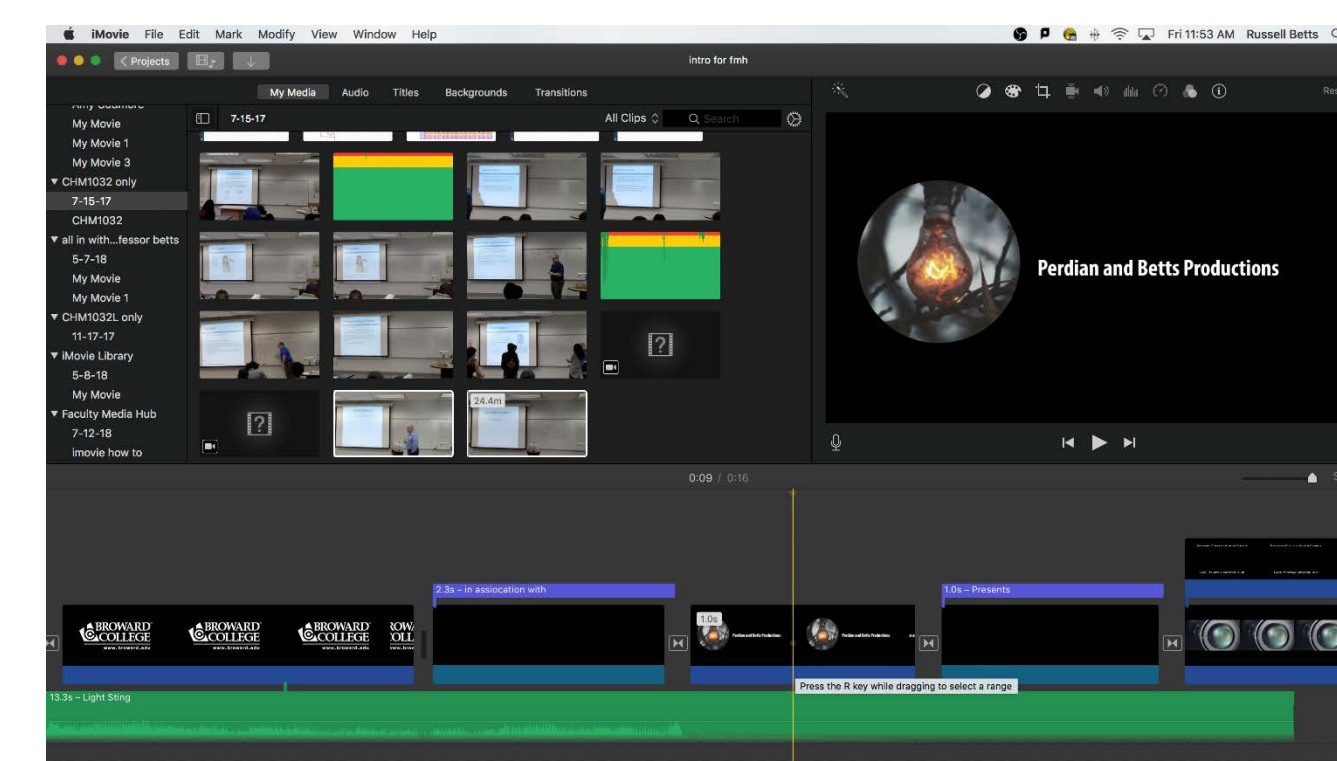

https://youtu.be/Nvx_riqjr-4

<https://youtu.be/zvzcxEOd0w4>

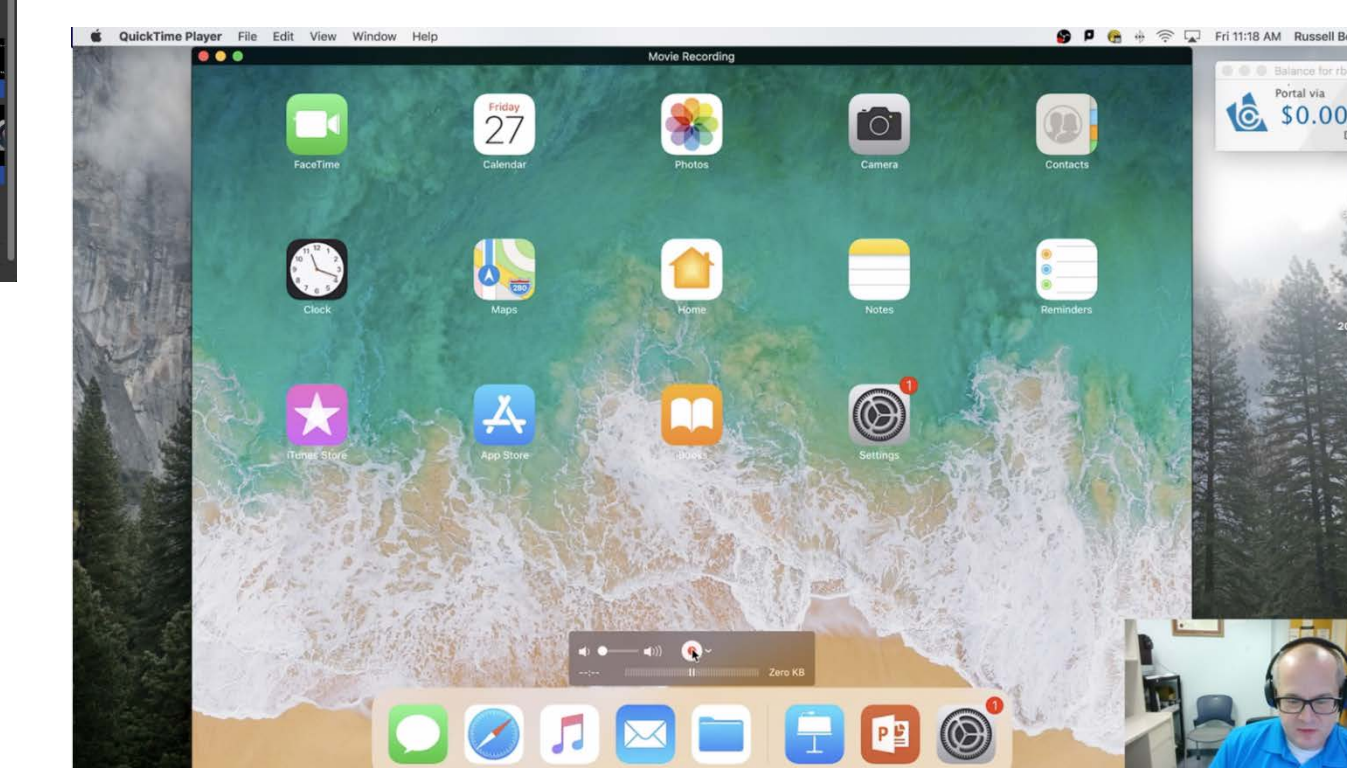

Faculty can create videos using screen capture software on either an iPad or a Windows PC tablet laptop.

Faculty can record live lectures so that students can review the material anytime. Media can be embedded into D2L. Faculty will learn how to post their videos or podcasts on YouTube, iTunes, & Google Play. Tutorials on YouTube analytics will be available.

Faculty can learn how to edit media using Apple iMovie.

Screen recordings can be produced using QuickTime and the hub's iPad.

Faculty can learn how to edit media using Camtasia on the hub's Lenovo tablet computers.

CONTACT INFORMATION

The Hub will be housed at the North Campus ASC and will begin creating media in Fall 2018. For more information, contact us at rbetts@broward.edu or dperdian@broward.edu
